

al
cont'd 10
a pickup comprising one or more piezo-electric sensing element(s),
said pickup being located between the foot of said bridge
closest to said bass strings and said vibrating top.

Please change the dependency of claim 3 to depend from claim 6
instead of claim 2.

Please change the dependency of claim 4 to depend from claim 6
instead of claim 1.

REMARKS

Claim 2 has been rewritten in independent form as new claim 6,
including all of the limitations of canceled claim 1, from which it
depended. In accordance with the Examiner's remarks, claim 6 is
believed to be an allowable claim. Dependency of the remaining
claims has been changed to depend from allowable claim 6, hence all
claims remaining in the case are allowable. The case is now
believed to be in condition for allowance and early action to that
end is respectfully requested.

Respectfully submitted,

Saul Epstein
